## Student exchange programmes:

<b>PROGRAMME IN FRENCH:</b>  <b>Certificat d'Etudes Politiques (CEP, 2 semesters) or Attestation d'Etudes Politiques (AEP, 1 semester).</b>	The students follow 3 compulsory courses (French language, French history and civilization and Collaborative Work on Transitions (S1) International Hackaton (S2)) and must choose between 3 and 5 courses among those offered in the 1st, 2nd and 4th years (1 <sup>st</sup> year Masters). They can choose one course taught in English language at the most.
<b>PROGRAMME IN ENGLISH:</b>  <b>Diploma of Political Studies in English (DPSE, 2 semesters) or Certificate of Political Studies in English (CPSE, 1 semester).</b>	The program offers a general introduction to the political, social, and cultural landscapes of France and Europe, and examines important issues and debates in France today; all classes are taught in English. The students enrolled in this program <b>must follow all the courses it includes</b> . The courses are worth either 3 or 6 ECTS per semester: compulsory French course and French history and civilization, the other compulsory courses belong to the field of social sciences.  If students enrolled in DPSE obtain satisfactory results in French at the end of the first semester, they may request a transfer to the French Certificate of Political Studies program in semester 2, giving them access to a wider range of classes, mainly taught in French.  <b>As this program is open to around 30 students, with no or little French upon arrival, Sciences Po Rennes reserves the right to make a selection.</b>
<b>PROGRAMME IN FRENCH AND ENGLISH:</b>  <b>Governing the Future : Territories and Transitions (Campus of Caen, Normandy)</b>  <b>Certificate of Political Studies in French and English (Spring semester only)</b>	The Campus of Caen (200 km from Rennes) focuses on questions of transitions, prospective, territorial dialogues, urbanism and northern countries. <b>4 courses will be proposed</b> in 2nd and 4th year: Geography of Energy, Territorial Innovation, Vulnerable territories, International Environmental Law. Students enrolled in this program will choose three of them plus a compulsory French course. Each course will be credited with 6 ECTS . Students will be involved in <b>outward-looking projects</b> with partners of the school (3 ECTS) for which they will have to prepare an <b>operational brief</b> (3 ECTS).

Language requirements	French level: B2	No or little French upon arrival. English level: B2

There are a number of mutual funds ("mutuelles") and private insurance companies that offer a range of contracts with different levels of coverage.</p>
Housing	<p><b>RENNES</b></p> <p>Sciences Po Rennes has an agreement with CROUS which deals with accommodation in halls of residence. We normally obtain a small number of the rooms we apply for. This is why Sciences Po Rennes cannot guarantee a room to each student. Halls of residence are situated approximately a 15 minutes' walk from Sciences Po Rennes.</p> <p>Students are informed of the result of the rooms' attribution at the end of June for an admission in September and in November for an admission in January.</p> <p>If Sciences Po Rennes could not reserve a room for your students, the student association "Zephyr" will help them in their research for housing.</p> <p><b>CAEN</b></p> <p>It's not difficult to find an accommodation. Nicolas Escach and Karim Sammour will help you identify the best solution.</p>
Application procedure and deadlines for housing in hall of residence (only in Rennes)	<p>By completing the section "accommodation" of the application form.</p> <p>Same as application deadlines</p>

Each year, a representative of international students is elected by his peers to sit on the Administration Board of Sciences Po Rennes. This allows our foreign guests to express their remarks, suggestions and criticisms during the decision-process of the Institute.

Each semester, Sciences Po Rennes recruits invited professors with a research and teaching approach. We would like the academics to work both on research topics with professors from Sciences Po Rennes and on our course offering in direct contact with students.  
To be selected, academics must send their CV to Didier MINEUR at [didier.mineur@sciencespo-rennes.fr](mailto:didier.mineur@sciencespo-rennes.fr)
