

UNIVERSITÄT
BAYREUTH

INTERNATIONAL OFFICE

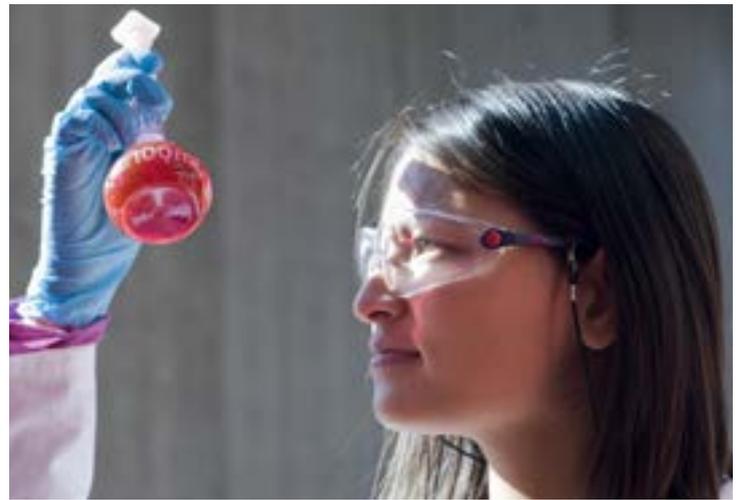

The University of Bayreuth

Your home away from home.

Our partner institutions – a global network.

A fruitful research environment.

The University of Bayreuth at a glance.

The University of Bayreuth offers interdisciplinary research and teaching on a tight-knit campus with a range of industrial partners and international summer programmes. With its excellent service for international students, researchers and academics in addition to its global partnerships and strategic networks, it creates synergies with enormous innovative potential. The campus is a source of inspiration, while the town of Bayreuth offers low cost of living and a high quality of life.

In the internationally renowned THE Young University Ranking, the THE World University Ranking and the QS Top 50+ under 50 Ranking, the University of Bayreuth received excellent overall ratings. In the national CHE Ranking, the university received excellent marks for its broad and interdisciplinary teaching as well as the supervision by its dedicated instructors.

Excellence in research—our focus areas.

The focus areas have helped the university earn a solid international reputation in teaching and research. They combine the strengths of their individual subject areas to address chosen, cross-disciplinary research priorities.
