## Start-Up Program at UDD

This Program is a chance to give the students the opportunity to develop an entrepreneurial project with the support of UDD. Who can participate? Teams that have an entrepreneurial idea or a Start-Up in progress or students who want to start and are interested in joining a team already formed. Once within the program, tutors are assigned by project. They help and guide students through the process. There are also different workshops that serve as learning tools, like “Business models”, “Pitch” and “Capital raising” among others.
