ENGINEERING DEGREE (“GRANDE ÉCOLE” PROGRAM -Taught in French*)

(All dates to be confirmed upon registration)

Deadline for applications	May 15 th	
Semester dates (including exams)	Fall semester: September to February	Spring semester: March to August
M1 - 1st year Master	1 st of September – End of February	1 st of March – 30 th of April + internship from May to August
M2 - 2nd year Master	1 st of September – End of February	Internship
Duration	4 semesters – M1 and M2	
Available majors	<ul style="list-style-type: none"> - Industrial engineering, processes and information systems - Bio-health and pharmaceutical engineering - Environment and energy - Advanced materials and structures engineering 	
French as a foreign language classes are available for international students		
Transcripts	Official transcripts of records are issued after the academic committees taking place in mid March for fall semester and 1 st week of July for spring semester.	
Partnerships	List of partners	
Further details	Engineering degree	

(* Except the English track for M2 in Aeronautical Structure Manufacturing Processes)

INTERNATIONAL MASTER PROGRAMS (Taught in English) (All dates to be confirmed upon registration)		
Deadline for applications	July 15 th	
Semester dates (including exams)	Fall semester	Spring semester
M1	1 st of September – End of February	1 st of March – 30 th June
M2	1 st of September – End of January (for Biwem and Adpharming) and End of February (for AeroMat)	Internship from 1 st of February to 31 st July for Biwem and Adpharming and from 1 st of March to 31 st August for AeroMat
Welcoming package “Toul’box” included	A driver will pick you up at the airport Administrative support will be provided	
Further details	SCALE Supply Chain And LEan management MILES Management of International Lean and Supply chain projects AeroMat-Innovation Aerospace Materials design, manufacturing & innovation AMPAS Manufacturing Processes for Aeronautical Structures BiWEM Biomass and Waste for Energy and Materials AdPharming Advanced Pharmaceutical engineering	

EXCHANGE STUDIES		
Programs	International Master (taught in English)	Engineer degree program (taught in French)
Duration	1 semester	1 or 2 semesters
Available courses	- AdPharming (first semester of M2) - BiWEM (first semester of M2) - Aeromat (first semester of M1 or M2)	L3 M1 M2
Deadline for applications	July 15 th	May 15 th for fall semester, November 15 th for spring semester.
Welcoming package “Toulbox”	A driver will pick you up at the airport Administrative support will be provided	Welcoming package at demand

FRENCH LANGUAGE COURSES “FRENCH SUMMER SCHOOL”		
Duration	2 months program: July and August	1 month program: July or August
Deadline for applications	20 th of June	
Welcoming package “Toul’Box” included	A driver will pick you up at the airport Administrative support will be provided	
Further details	French Summer School	

Ph D	
Laboratories	Process engineering and energy, industrial engineering, materials engineering
Application	Direct application to the research teams here

BEFORE YOUR ARRIVAL	
How to get to Albi?	Come to Albi
I2D Association	This association helps foreign students to get fit at IMT Mines Albi. You are warmly invited to contact them before your arrival : i2d@mines-albi.fr
Administrative formalities upon arrival	All official documents should be translated in French or English by an official translator <ol style="list-style-type: none"> Personal liability insurance Health insurance Repatriation insurance covering the whole stay in France Student visa or resident permit French bank account
