## Overview

The University of Campinas – Unicamp is a public university funded by the State of São Paulo, Brazil. Unicamp was officially established on October 5, 1966. Although considered a young institution, Unicamp has already developed a strong tradition in education, research and services to society. Unicamp has strong undergraduate and graduate programs covering a wide range of areas in science, technology, health, humanities, and arts. Unicamp operates in four campuses located in three cities: Campinas, the main Campus with eighteen schools and colleges; Piracicaba (the School of Dentistry); and Limeira (the School of Applied Sciences and the School of Technology).

## Location of Main Campus

Unicamp’s main campus is located 16km from downtown Campinas, in a city district named Barão Geraldo. Originally named for its meadows, Campinas was founded in 1774 and is today an important and growing educational, industrial and financial center with over one million inhabitants. Campinas has a rich cultural life. The city has its own Symphony Orchestra – considered one of Brazil’s best – cinemas, theatres, parks, malls and regional and international restaurants. There are also many “barzinhos” (pubs), where people often meet to hear great music. Campinas is also the home of two popular soccer teams: Guarani and Ponte Preta. Recreation in the vicinity of Campinas is also rich and varied. São Paulo, one of the world’s largest cities and an important cultural center, is located 100 kilometers southeast of Campinas – a one-hour ride by car or bus. In addition, many country resorts and parks are accessible, offering a taste of life in the “interior” (countryside). Finally, the famous São Paulo beaches of the coast are only a two-hour drive away. Campinas is served by a good transportation network, with bus service being the most common form. The Viracopos International Airport is also located within 30 minutes from Campus.

Course offerings

Visiting (exchange) students may request classes in all schools, keeping in mind the restrictions described in the next section. Class schedules (Undergraduate and graduate) are available here. If the appropriate semester’s schedule is not yet available, students should pick their classes based on the same semester from the year before.

Classes are offered at four different Campuses, in three different cities. We strongly recommend that students take classes in one city. FCA and FT are in Limeira and FOP is in Piracicaba. All undergraduate classes and most graduate classes are offered in Portuguese. There are only two graduate programs offered in English:

- Bioenergy Ph.D. program
- Masters Programme “Social Economy and Labour”

Other options: http://morarunicamp.com.br/

FOOD

There are three reasonably priced cafeterias on the main campus, where a team of nutritionists controls the food quality and variety. One of them offers vegetarian options. Daily menus are available at the Campus facility management website: www.prefeitura.unicamp.br/

To use the cafeterias, students must show their student identity card. In addition, almost every school on Campus has a snack bar or a restaurant. Also, the district of Barão Geraldo, where the campus is located in Campinas, counts with several good restaurants as well.

TRANSPORTATION

Life at the main campus (Campinas) is made easier by the bike lanes, which allow the students to bike from one school to another. There are also free shuttle buses inside the Campus.

SPORTS & RECREATION

Sports activities are offered as extension programs at a low price. There are also free activities offered by the “Mexa-se” (“Get moving”) program.

The students can use Unicamp’s sports facilities, including the running track, at any time of the day. Also, they may prefer to exercise at the “Parque Ecológico”, a lake next to the campus. Cultural activities happen every day on campus. Many of them occur at the Casa do Lago, a cultural space that offers daily movie showtimes, musical performances, art exhibitions, among others.

INTERNATIONAL UNICAMP VOLUNTEER GROUP – Unicamp Internacional

Unicamp Internacional is a student group engaged in the dissemination of a variety of international cultures on campus and support for exchange students.
Information Sheet – 2020 – 2nd Semester (July-December) – UNICAMP – RELAÇÕES INTERNACIONAIS

Health Insurance

UNICAMP requires that all foreign students have international health insurance. It is advisable for students to take out medical insurance with an insurance company in their home country that provides coverage abroad.

Private hospitals and clinics in Campinas provide a good service but are usually expensive. Most medications are available in Brazilian pharmacies, but some require a Brazilian prescription. For this reason, students should bring their most frequently used prescription drugs.

Visa

A Mercosur Visa or a Student Visa is required to enroll at Unicamp, and can be obtained from the consular division of the Brazilian Embassy or Consulate in the student’s country of origin. A visa must be requested early enough to allow time for bureaucratic procedures, which can be quite lengthy. **Although it is possible to change visa status while in Brazil, this is not recommended, since this procedure is very time consuming.** For this reason, we strongly advise you to enter Brazil with a Mercosur or Student Visa.
