Ordinary courses:

- Course period: 25 June – 25 July 2019

NEW POSSIBILITY – SHORT COURSES!

We also plan to offer approx. 4 graduate/Master's courses of 3-week in-class teaching at ISUP 2019 that will be held on the following dates:

- 1) 24 April - 17 May 2019
- 2) 25 June-12 July 2019

Exam assignments (home assignments/mini projects) will have to be submitted approx. one week after the last day of classes (three weeks for the course held in April-May 2019) from any computer with Internet connection from anywhere in the world. Courses are intensive, and students can only take one of such courses, and they cannot be taken together with ordinary 5-week in-class teaching courses.

Please note that the course list and dates are not final so please keep an eye on www.cbs.dk/summer for updates!

- If any, students must fulfill the course prerequisites (Please consult the course descriptions)
- Students of good academic standing. Exchange students are not required to submit any proof of English proficiency, but since all courses are taught in English and at a high academic level it is highly recommended to have a strong command in both oral and written English otherwise it might be difficult to follow the courses and pass the exams. We trust that our partners will nominate students who have good English skills and can successfully complete the Programme.

Housing

- Accommodation/housing is available for international exchange students
- Link to application for housing will be sent to students by e-mail in April 2019

- Housing must be financed by the student
- Move-in date: 21 June 2019 at 12:00 noon the earliest (Danish time)

Arrival service

- Arrival service is arranged at a hotel near the airport on 21 June 2019, and students will be accompanied to their dormitories. Arrival service will also be available for students attending short courses

Introduction meeting

- Date: 24 June 2019. Students get important information about different aspects of ISUP such as studying at CBS, courses and exams, housing etc.

Transcripts

- Transcript will confirm the courses taken and grades received
- In order to get a transcript, students must pass the exam. If students do not take the exams or fail exams they will not be able to receive any documentation for their participation in the programme

Visa

- Some students who come to Denmark to participate in ISUP will have to apply for a short-term Schengen visa for the period of the duration of the programme. Since students are going to study in Denmark for less than three months, they will not get a student visa. Students can check the [Danish Immigration Services homepage](#) to see whether they need to apply for a short-term visa for entering Denmark.
