Academic Information

The minimum course load of 1 SMU credit per semester remains unchanged. On an exceptional basis, students may register for a course load of 5 SMU credits per semester, with a formal request from the home coordinator.

Each full-credit course at SMU carries a weightage of 1 credit. It consists of 3 contact hours per week over a period of 13 teaching weeks (i.e. 39 contact hours). A half-credit course has a total of 21 contact hours per term.

For each course, there will either be:

- 1 session of 3 hours per week; or
- 2 sessions of 1 ½ hours each per week.

All full-credit courses run for one academic term. There are 15 weeks in each term, consisting of 13 weeks of seminars (39 hours of classes), one recess week and one examination week. Recess week is used by local students for group work and/or preparation for assignments. International Exchange Students will have to participate in group work.

All dates of exams are displayed in the course catalogue and are fixed.

(Dates are set to take into account Seasonal/Religious holidays in Singapore and will not be changed to accommodate holidays from other countries)

Assessments can include but not limited to:

- **Class Participation:** Missing classes will affect your grades and the grades of group members.
- **Individual Project:** Reports, Homework, Essays, etc.
- **Group Project:** Students will be involved in group work with local SMU students and attendance may affect their performance. Some group work preparations may take place during the recess week. When enrolling for courses, International Exchange Students need to consider this.
 - **Presentation (Individual/Group):** Most courses require either an individual presentation and/or a group presentation.
 - **Mid-term test:** Some courses may include a mid-term test. It will be conducted during week 7 or 9.
 - **Final examination:** Not all courses have a final examination.

Example:

(a) Class participation: 20%

(b) Individual project: 15%

(c) Group project: 10% presentation, 25% report

(d) Final examination (two hours, closed book): 30%

Only undergraduate programmes/schools (Accountancy, Business, Economics, Information Systems, Law, Social Sciences) are open to exchange students. Students who are nominated via school-level exchange agreements may be restricted to courses offered by the school. A list of courses available for exchange students will be sent to applicants about two weeks before course registration. **There is no guarantee on course availability. Students should exercise flexibility with alternative courses.**

Postgraduate courses are not open to exchange students. All incoming exchange students can only take undergraduate courses.

To view the course catalogue and course descriptions for a specific semester, please visit: Undergraduate Student Information (<https://inet.smu.edu.sg/sites/courses>) - Course Catalogue Class Search -> select the term searching for and Courses with sections offered -> select the corresponding letter of the course name -> view class section -> course outline (More information about the courses can be obtained in the course outline).

Prerequisites

Some courses require students to fulfil prerequisites before reading. The prerequisites are listed in the online course catalogue. If students have done similar prerequisites in their home university, they should check with the SMU course instructors if they will accept these prerequisites.

Prerequisites may be checked by the SMU course instructors up till the first week of the term. Students should prepare a course outline (in English) of the courses they have taken that meet the prerequisites for the SMU course instructor's review.

Students may contact the course instructors to enquire if they fulfil the prerequisites. A list of the instructors is available via the [Faculty Directory](#) at the SMU website.

Class Attendance

The student is expected to attend all classes. In all courses, the instructor will determine the acceptable level of attendance. If, in the opinion of the instructor, the student has been absent excessively, he/she may be given a grade of "F". If the student receives a grade of "F" for absences during the term, he/she will be excluded immediately from the course. The student should also bear in mind that class participation is an important aspect of the University's assessment system.

To actively participate in classes, physical presence is required (unless stated by the course instructor). Missing a class means forfeiting opportunities to contribute to discussions and activities. As a result, every missed session, with the exception of an "Excused Absence", erodes the class participation grade, if the student expects to be absent for an extended period of time (3 weeks or longer) for a valid reason, he/she must inform the course instructor in advance. If the student skips classes for an extended period (3 weeks or longer), and attempts by the instructor/school to contact him/her (e.g. via official email, phone) are unsuccessful, he/she is liable to have his/her student registration status terminated. Accordingly, the student will be withdrawn from the university.

A student who is unable to attend one or two classes only should nonetheless act responsibly (e.g. notifying the respective instructor and project mates).

Health and Accident Insurance

It is compulsory for all incoming exchange students to purchase the *Student Personal Accident Policy* and *Medical Insurance* as recommended by SMU. Cost for this insurance is included as part of the miscellaneous fees (<https://studentlife.smu.edu.sg/student-life/student-insurance-coverage>).

Students are to purchase additional overseas travel insurance should they wish to travel to and out of Singapore during their exchange term. Students are also required to declare their travel plans via the SMU online declaration form when they travel out of Singapore while on exchange.

SMU has engaged the services of International SOS in providing 24-hour traveler's assistance for students. International SOS provides expert knowledge and assistance regarding security and medical issues while they are on exchange. Students may download the International SOS Mobile Assistance App upon admission.
